

## **Gulfnet Communications Unveils an exciting range of competitive offers at Infoconnect 2014**

**Kuwait January 2014:** Gulfnet Communications, the first internet service provider in the Gulf region is set to welcome its existing and potential customers during Infoconnect 2014, one of the region's most successful communications and information technology exhibitions. Infoconnect 2014 will be held during the 26<sup>th</sup> of January until the 1<sup>st</sup> of February, 2014 at the Kuwait International Fair Ground in Meshref. The exhibition is an ideal platform for Gulfnet Communications to showcase its latest products and services, as along with a wide range of exciting offers and surprises on exclusive services.

Mr Mustafa Murad, Chief Operating Officer at Gulfnet Communications said, "Our presence at Infoconnect gives us a strong chance to reach out and connect with our existing and potential customers to share with them special internet products and services while also revealing our latest offers and packages that are guaranteed to their satisfaction."

Moreover, Mr Murad also noted that the participation of Gulfnet Communications in this year's exhibition reflects its continued uniqueness in providing internet services with the highest quality, with customized packages that are designed to suit customers' needs and internet usage habits.

Mr Murad would like to take this opportunity to invite all customers to visit Gulfnet Communications' stand at Infoconnect. He noted, "This will give everyone looking for stable and high quality internet service at competitive deals, the chance to learn more about our latest services and product offerings, and find out about our competitive packages. Packages will vary according to the needs of the users from ADSL unlimited internet speed and usage accessible 24 hours a day to fiber optics lines that accommodates the need of very heavy users along with great surprises that awaits everyone attending the exhibition."

He further added, "Gulfnet communications continues to dominate market leadership in Kuwait, with a wide array of basic and advanced services that help its customers enhance the quality of their daily lives by delivering progressive communication solutions and exceptional entertainment value, inline with Gulfnet Communications core values and beliefs."

At last, Mr. Murad Concluded: "Infoconnect will be a golden opportunity for all our existing and potential customers to enjoy our offerings and exciting surprises and promotions, which are designed to suit their preferences, needs and expectations from competitive packages, to unlimited speed and download capacity .
