

Gulfnet Communications Celebrates National and Liberation Days

Kuwait February, 2014: On the occasion of Kuwait's National and Liberation days, Gulfnet Communications the leading internet service provider in Kuwait, expressed its genuine congratulations to the people of Kuwait assuring them its commitment towards offering all that's new and innovative in communication solutions and internet connectivity industry, presenting its customers with a differentiated experience. We aim to deliver customer-driven solutions and sharing expertise in developing highly sophisticated integrated solutions.

During the 25 and 26 of February 2014 Gulfnet Communications set up a fun-filled activity booth to connect with the community and people of Kuwait to share in the celebrations of National and Liberations Days. The two days event included welcoming children from all ages and their families at their tent at Marina Crescent, where children enjoyed a lot of surprises and activities in a fun atmosphere, including face painting along with variety of entertainment programs to enjoy, and lots of gifts that reflect the festive theme.

Gulfnet Communications wanted to take this opportunity to extend its sincere congratulations to His Highness the Amir Sheikh Sabah Al-Ahmad and His Highness the Crown Prince Sheikh Nawaf Al-Ahmad and His Highness the Prime Minister Sheikh Jaber Al-Mubarak and the people of Kuwait on the National & Liberation Days, hoping that god keeps our beloved country Kuwait and all its people safe and secure away from any harm, and wishing it continuous growth and development.

Mr. Mustafa Murad, the COO at Gulfnet Communication commented on the event: "Gulfnet Communications assured joining the people of Kuwait in the celebrations of the National and Liberation Days in a unique and fun atmosphere that reflects the festive theme, considering that Gulfnet Communications is the first internet service provider in Kuwait, providing services based on high standards and unique experience related to communications and internet."
